# Obstetrics & Gynecology logbook

## Personal Information:

Name:.....

Index Number:.....

Mobile no:.....

Email:.....

## The aim of this logbook:

- Is to provide a source of evidence that the trainee has attained the desired level of competency.
- This is where you are going to document experiences and skills you acquired during your training and clinical rounds.
- Note that the logbook is divided into several sections.

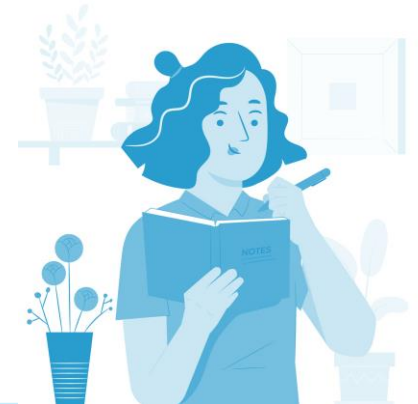

## Contents:

1<sup>st</sup> part: History taking.

2<sup>nd</sup> part: case-based discussion (CBD)

3<sup>rd</sup> part: procedures

- Please note that it is your responsibility to maintain an accurate and complete logbook and to regularly update your records. Should you meet any difficulty, you are advised to contact the teaching assistants for clarification.

# 1

## FIRST PART: HISTORY TAKING

(10 cases: 6 Obstetric & 4 Gynecological)

## Case 1:

## Case 2:

## Case 3:

## Case 4:

## Case 5:

## Case 6:

## Case 7:

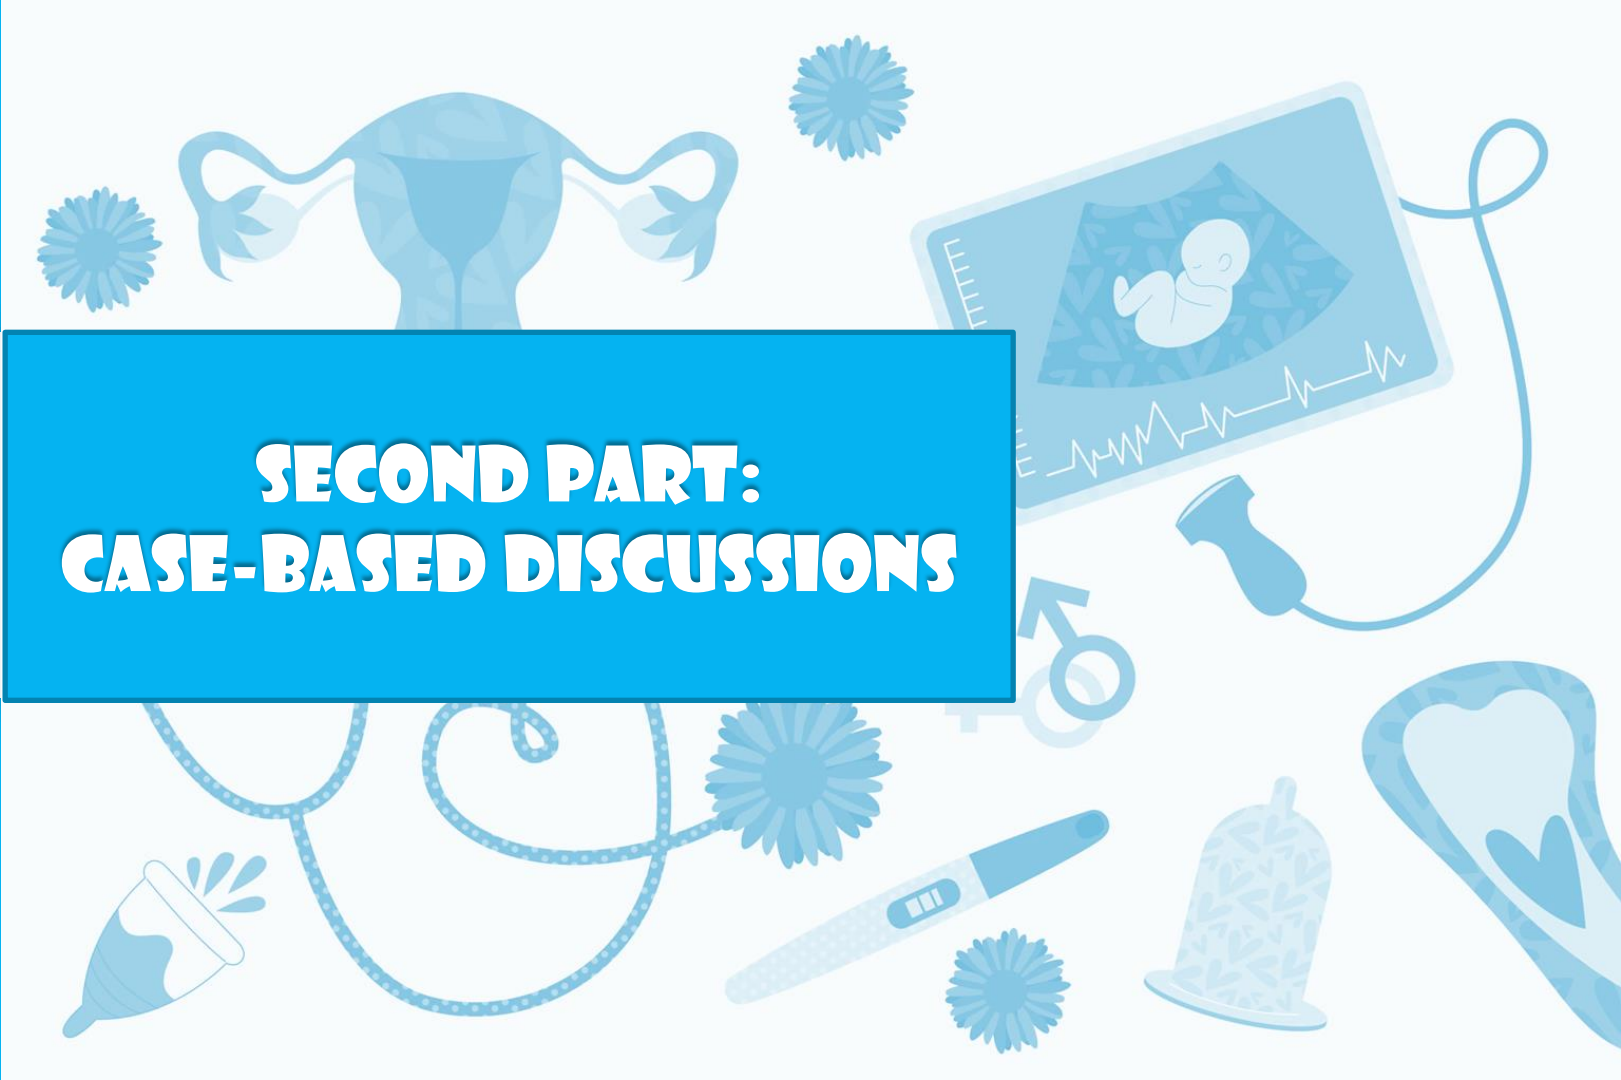

## Case 8:

## Case 9:

## Case 10:

2

**SECOND PART:
